

Data Deletion Request Form

NovaHR (a product of [NOVA BUSINESS OS (PTY) LTD]) Request under POPIA section 24 (destruction or deletion of personal information)

Important limits on deletion: South African law requires employers to retain certain payroll and employment records (SARS: 5 years; BCEA: 3 years for some records). Records subject to a statutory retention duty cannot be deleted before that period expires, but processing of them is restricted to record-keeping. **Employees of NovaHR customers:** your employer controls your HR data; direct this request to them first. NovaHR will assist your employer.
