Payroll Setup Guide

Configuring payroll for South African compliance

hello@novahr.co.za | novahr-five.vercel.app

NovaHR Payroll Setup Guide

The screenshot displays the NovaHR web application interface. On the left is a sidebar with navigation links: Dashboard, Employees, Payroll, Compliance, Leave, Deductions, Reports, Tenants, Billing, and Settings (highlighted). The main content area is titled 'Settings' and includes a sub-header 'Manage your company profile, payroll configuration and leave policies.' Below this is a tabbed interface with tabs for Company, Users, Departments, Payroll (selected), Leave policies, Notifications, Appearance, and Audit log. The 'Payroll' tab contains a 'Pay run configuration' section with fields for '1 Pay frequency' (set to 'Monthly'), '2 Pay day' (set to '25'), 'Banking partner' (set to 'First National Bank'), 'Currency' (set to 'ZAR'), and 'Default pension contribution (%)' (set to '7.5'). A 'Save changes' button is located at the bottom right of this section. Below the 'Pay run configuration' section is a 'Statutory registration' section with fields for 'PAYE reference number' (e.g. 7480123456), 'UIF reference number' (e.g. U123456789), 'SDL reference number' (e.g. L123456789), and 'Tax year' (2026/2027). A 'Save reference numbers' button is at the bottom right of this section. Below the 'Statutory registration' section are two toggle switches: 'UIF contributions' (checked) and 'SDL levy' (checked). At the bottom of the settings area are two expandable sections: 'SDL and UIF' and 'Netcash integration'. A footer note at the bottom of the settings area reads: 'Payroll settings: configure your pay cycle'.

Settings

Manage your company profile, payroll configuration and leave policies.

Company Users Departments **Payroll** Leave policies Notifications Appearance Audit log

Pay run configuration
Pay frequency, pay day, statutory references and defaults.

Pay run configuration

1 Pay frequency Monthly **2 Pay day** 25

Banking partner: First National Bank Currency: ZAR

Default pension contribution (%): 7.5

Save changes

Statutory registration

PAYE reference number: e.g. 7480123456 UIF reference number: e.g. U123456789

SDL reference number: e.g. L123456789 Tax year: 2026/2027

Save reference numbers

UIF contributions
Withhold and remit Unemployment Insurance Fund contributions. ☒

SDL levy
Apply the Skills Development Levy to monthly payroll runs. ☒

SDL and UIF
Statutory tax rates and contribution ceilings.

Netcash integration
Service keys, environment and payment instruction.

Payroll settings: configure your pay cycle

Audience: HR Administrators preparing for their first payroll run **Purpose:** Collect and verify everything needed before the first run, so payslips are right the first time.

1. Company-Level Information

Item	Where to find it	Where it goes in NovaHR
PAYE reference number (7 + 3 digits starting with 7)	SARS eFiling / EMP registration	Settings, Payroll
UIF reference number	Department of Employment and Labour / uFiling	Settings, Payroll
SDL reference number	SARS (if liable)	Settings, Payroll
SDL liability	Annual payroll above R500,000?	Settings, Payroll (toggle)
Pay frequency	Your practice (monthly, bi-weekly, weekly)	Settings, Payroll
Pay day	Your practice (e.g. 25th)	Settings, Payroll
Company bank account	Your bank	Settings, Company

Employee payroll profile: set salary and tax details

Collect for **every** employee before capture:

Identity

- Full names and surname (as per ID);
- SA ID number or passport number;
- Date of birth (**drives age-based tax rebates; must be correct**);
- Contact details (email for payslip delivery and self-service).

NovaHR | novahr-five.vercel.app

4

Employment

- Position and department;
- Start date (drives leave accrual and first-6-months sick leave rule);
- Working pattern (5-day or 6-day week; drives daily rates and leave equivalents).

Tax

- Income tax number (10 digits; employees can get theirs from SARS);
- Any SARS tax directive (fixed rate) if applicable.

Remuneration

- Basic salary (per pay period);
- Housing allowance (fully taxable);
- Travel allowance and its PAYE inclusion rate: 80% standard; 20% only if you are satisfied at least 80% of use is business (logbook);
- Other allowances and recurring earnings;
- Overtime eligibility and agreed rates.

Deductions and Fringe

- Pension/provident fund percentage or amount (employee and employer portions);
- Medical aid: monthly contribution and the **number of dependants** (drives Medical Scheme Fees Tax Credit: R376 main member, R376 first dependant, R254 each additional, 2026/27);
- Garnishee orders or other recurring deductions.

Banking

- Bank, branch code, account number, account type (verify against a bank letter or statement; payroll fraud usually starts with a bank-detail change).

Leave

- Opening balances at cut-over: annual, sick (with cycle anchor), family responsibility.

3. Verification Before First Run

The screenshot displays the NovaHR Payroll interface. On the left is a sidebar with navigation links: Dashboard, Employees, Payroll (selected), Compliance, Leave, Deductions, Reports, Tenants, Billing, and Settings. The main content area is titled 'Payroll' and includes a sub-header 'Review pay runs, track totals and publish payslips to your team.' Below this, a prominent blue box states 'August 2026 payroll is ready to pay' for 15 employees with a net pay of R 846,877.98, with a 'Submit payroll to Netcash' button. A summary row shows: Next pay date (25 Sept 2026), Projected gross (R1.3M), Projected net (R 817.9K), and Year to date (R 5.7M). Below this is a 'Netcash account' section with a 'Load' button. The 'September 2026 payroll' section is marked 'Scheduled' and shows an upcoming run for 16 eligible employees with a projected gross of R1,289,166.68 and a 'Start payroll run' button. At the bottom, a 'Payroll history' table shows the August 2026 run as 'Completed'.

Period	Pay date	Status	Employees	Gross	Net
August 2026	25 Aug 2026	Completed	15	R 1,347,500.01	R 846,877.98

- ☐ Every employee's DOB and ID number cross-checked against ID documents;
- ☐ Dependant counts confirmed against medical aid certificates;
- ☐ Pension percentages confirmed against fund statements;
- ☐ Banking details verified against bank confirmations;
- ☐ One calculated payslip per pay grade checked against your previous system or the SARS calculator;
- ☐ Your accountant has reviewed a sample payslip.

4. Cut-Over Rules

- Do the first NovaHR run **in parallel** with your old system for one period; reconcile to the cent before switching;
- Keep your previous payroll history accessible: SARS requires 5 years of records, and history does not migrate automatically;
- Mid-tax-year cut-over: year-to-date figures from your old system are needed for accurate annual reconciliation (EMP501/IRP5); export YTD reports from the old system as at cut-over [YTD import: see roadmap ●].

5. Ongoing Monthly Rhythm

1. Before the run: process joiners, leavers, salary changes, once-off items, unpaid leave;
2. Run and review; sample-check anything unusual;
3. Approve and publish; pay employees;
4. By the 7th of the next month: EMP201 filed and paid, UI-19 submitted;
5. Archive the run report.
