Payroll and workforce insights

Your NovaHR dashboard

Have these at hand:

- Company details: registered name, address, PAYE / UIF / SDL reference numbers (from SARS and the Department of Employment and Labour);
- For each employee: full name, SA ID number, income tax number, date of birth, bank details, salary and allowances, pension and medical aid details, start date, leave balances.

Step 1: Set Up Your Company (5 min)

1. Log in and open **Settings, Company**.
2. Complete the company profile: legal name, address, contact details.
3. Open **Settings, Payroll** and capture your PAYE, UIF, and SDL reference numbers, and confirm whether your company is SDL-liable (annual payroll above R500,000).
4. Set your pay day and pay frequency.

Step 2: Create Structure (5 min)

Add employee
Capture the details needed to add a new team member and kick off their onboarding checklist.

Adding a new employee: fill in the highlighted fields

1. **Departments:** add your departments (e.g. Operations, Sales, Admin).
2. **Positions:** add job titles and link them to departments.

Step 3: Add Employees (10 min)

1. Open **Employees, Add Employee**.
2. Capture personal details (ID number, date of birth, contact details), employment details (position, department, start date), and pay details (salary, allowances, pension %, medical aid dependants, bank account).
3. Set opening leave balances so accruals start from the right point.
4. Repeat for each employee. Double-check dates of birth (they drive tax rebates) and medical dependants (they drive tax credits).

Step 4: Invite Users (3 min)

Leave
Review requests, track balances and manage leave policies.

Leave management: submit and approve requests

1. Open **Settings, Users** and invite your employees and managers by email.
2. Assign roles: Employee (self-service), Manager (team approvals), HR Admin (full access), Executive (dashboards).
3. Invitees receive an email link to set their own password.

Step 5: Run a Test Payroll (5 min)

The screenshot displays the NovaHR Payroll dashboard. On the left is a sidebar with navigation links: Dashboard, Employees, Payroll (selected), Compliance, Leave, Deductions, Reports, Tenants, Billing, and Settings. The main content area is titled 'Payroll' and includes a sub-header 'Review pay runs, track totals and publish payslips to your team.' A prominent blue box states 'August 2026 payroll is ready to pay' for 15 employees with a net pay of R 846,877.98, with a 'Submit payroll to Netcash' button. Below this are four summary cards: 'Next pay date' (25 Sept 2026), 'Projected gross' (R1.3M), 'Projected net' (R817.9K), and 'Year to date' (R5.7M). A 'Netcash account' section shows a 'Load' button. The 'September 2026 payroll' is marked as 'Scheduled' with an upcoming run for the current pay period. It includes details for the pay date (25 September 2026), eligible employees (16), and projected gross (R1,289,166.68), with a 'Start payroll run' button. A 'Payroll history' table at the bottom shows a completed run for August 2026. The user 'Lerato Dlamini' is logged in as the HR Administrator.

Period	Pay date	Status	Employees	Gross	Net
August 2026	25 Aug 2026	Completed	15	R 1,347,500.01	R 846,877.98

1. Open **Payroll, New Run** and select the current period.
2. Review each employee's calculated payslip: gross, PAYE, UIF, deductions, net.
3. Cross-check one payslip against your previous payroll or the SARS calculator.
4. **Do not publish yet** if you are still verifying: published payslips are visible to employees.

Step 6: Go Live

1. Work through the Onboarding Guide's go-live checklist (parallel run recommended for your first month);
2. Approve and publish the run; employees are notified and can download payslip PDFs;
3. Use **Reports** for your EMP201 figures (due to SARS by the 7th of next month).
